Dear President Forrey,

Thank you for the endorsement of the National Air Traffic Controllers Association. It is an honor to have your support in this presidential campaign, and I am grateful to the brothers and sisters of NATCA for devoting time, effort and hard work to our movement for change.

I am proud to stand with NATCA in our joint efforts to build an America that values the labor of every American and rewards it with a few basic guarantees – wages that can raise a family, health care if we get sick, a retirement that's dignified, working conditions that are safe. On behalf of your members and their families, I am fighting to make sure that all Americans have access to quality healthcare, enjoy fair treatment at work, receive a fair share of the wealth they create, and that all children benefit from excellent educational opportunities.

The men and women of NATCA, and all working families, deserve a President who is committed to improving the lives of working families. I will honor that commitment, as I have for over two decades in public life. Your efforts are a part of this movement, and I look forward to working with you, not just to win in November, but to deliver on the change working Americans deserve.

We're in this together, and I appreciate all you're doing. I cannot do this without you, so please stay involved. Together, we will create the changes we seek.

Sincerely,

Barack Obama
